

# Company Profile

Highpoint Industries Pty Ltd is a Central Queensland based company that specialises in providing industrial safety solutions. Highpoint Industries P/L was established in January 2003 under the direction of local residents Rob and Liz Stringer. Trading under the business name Highpoint Access and Rescue, Highpoint utilizes over 35 years of combined experience which ensures their services reflect their motto:

**"High on safety and experience"**

The following is a summary of services Highpoint Access and Rescue (HAAR) provide.

- Industrial rope access
- Equipment sales, service and hire
- Height safety systems
- Emergency response system development
- Training
- Risk management

## INDUSTRIAL ROPE ACCESS

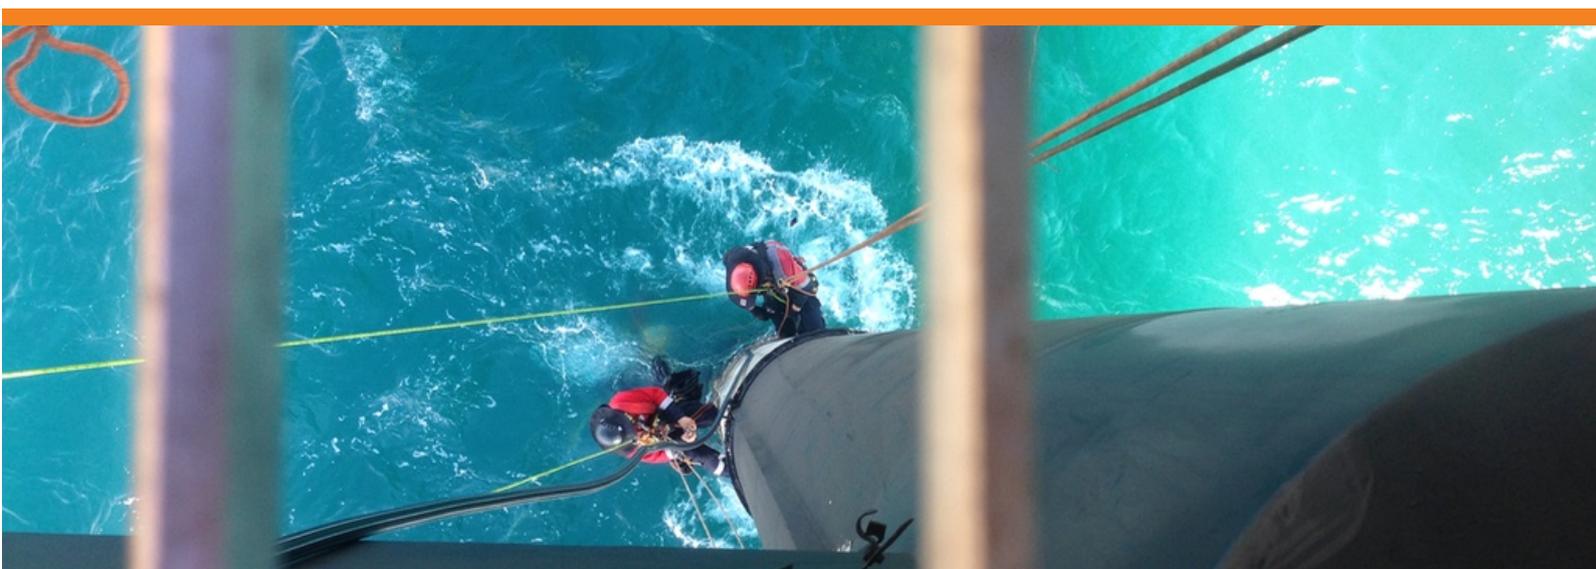

Industrial Rope Access is a techniques used to gain access to normally inaccessible structures, such as chimneys, towers, building facades, bridges and other industrial structures. By using this technique, Highpoint generates considerable savings for their clients by providing:

- Rapid installation of systems
- Minimal disruption caused to operations, other trades and contractors
- Direct contact between the client and the person performing each task
- A safe and effective solution to difficult projects

Industrial Rope Access is often a timely, cost effective and safe alternative to traditional access methods. The Industrial Rope Access industry has an exemplary safety record which is derived from the rigorous adherence to Australian and international standards and codes of practice.

The following are some tasks that Highpoint has performed using Industrial Rope Access methods.

- Furnace internal cleaning and inspection
- Turbine internal inspection
- Confined space work
- Inspection and non-destructive testing
- Maintenance and repairs
- Painting, sealant and waterproof membrane application
- Weld repairs
- Geotechnical inspection and remedial work
- Building maintenance

## **EQUIPMENT SALES AND SERVICE**

Highpoint provides a wide range of equipment for:

- Work at heights
- Industrial rope access
- Confined space access
- Industrial rescue

HAAR is an authorised inspection agency for the major brands of equipment.

## **EQUIPMENT HIRE**

For businesses who only require hire equipment, Highpoint offers a range of equipment for work at heights and confined space access scenarios.

## **HEIGHT SAFETY SYSTEMS**

HAAR specialises in; the design, installation, testing and certification of permanent and temporary height safety systems to suit a wide range of applications. These systems include:

- Aluminium walkway systems
- Rated anchor points
- Prescribed and proprietary horizontal lifeline systems
- Proprietary horizontal rail systems
- Vertical fall protection systems

## **EMERGENCY RESPONSE SYSTEM DEVELOPMENT**

Using their proven processes, Highpoint develop emergency response systems for industrial sites. This includes the evaluation of the proposed site and the current State Government's emergency services, against an agreed list of credible emergencies. Some of the outcomes of this process are:

- Clearly defined emergency response roles and responsibilities
- Training and development programs
- Equipment register and maintenance schedules
- Emergency response manning and rostering recommendations

## **TRAINING**

Training is one way that Highpoint helps other businesses ensure safe working environments. The following is a list of industrial training packages Highpoint delivers.

- Confined Space Access & Rescue
- Work Safely at Heights
- Technical Rope Rescue
- Industrial Rope Access
- CPR
- Senior First Aid
- Emergency Care First Aid
- Low Voltage Switchboard Rescue

## **RISK MANAGEMENT**

Highpoint have a number of personnel with extensive experience and qualifications within the Workplace Health and Safety Industry. Because of this, Highpoint offers a range of health and safety advisory services such as, health and safety consultancy, height safety and confined space audits, supervision of staff, and implementation of risk control systems during high risk activities.

## **OUR PROMISE**

Highpoint has resources located throughout Queensland, which creates the capacity to deliver a prompt, reliable service to meet any business's need.

If you would like further details, or if you can see an opportunity to utilise Highpoint's services, we can arrange a meeting at your convenience.

We would love the opportunity to work with you, and create an ongoing professional relationship between us and your business, which we believe will yield substantial benefits for both parties.
