

LOW VOLTAGE SWITCHBOARD RESCUE

INCLUDING CPR AND DEFIBRILLATION

As a Co Provider for First Response Australia Pty Ltd, Highpoint Access & Rescue can offer a Low Voltage Switchboard Rescue Program.

This course is designed for participants requiring qualifications as Safety Observers for live low voltage switchboard work to comply with Australian Standards AS/NZS 4836:2011 and Electrical Safety Regulation: 2002 in regards to Safety Observers.

This program also includes thorough training and assessment relating to the use of Automated External Defibrillators (AEDs).

This qualification is required to be renewed annually.
